Dear Volunteers of Pytchley,

Community Speed Watch

I am writing to thank you for your support as part of Community Speed Watch for Pytchley.

As part of the programme, speed data was collected before and after your planned time with the enforcement equipment, I have attached these results for your information.

As a community, you generated 32 Police warning letters to be sent out to the registered keepers of vehicles that were detected.

The Community Speed Watch programme relies on support from you and your community and by working together, with partners, to reduce those that are killed or seriously injured on the roads and reduce speeding across the County.

In addition to your activity, my team have visited your community on one occasion, in the past 12 months and have detected 5 offences, which will have resulted in prosecution notices being sent.

I would encourage you to share this feedback with your volunteers and the Parish Council, to highlight the good work you have done and consider any longer term solutions to your issue.

I look forward to your continued support.

Yours sincerely

Gary Wright
Safer Roads Enforcement Officer
